ARTICLE 1. SERVICES OF CONTRACTOR

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Contractor shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which services may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Contractor represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Contractor covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be of good quality, fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those
standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Contractor's Proposal.

The Scope of Service shall include the Contractor's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Contractor shall keep itself informed concerning, and shall render all services hereunder in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Contractor shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Contractor warrants that Contractor (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Contractor warrants that Contractor has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Contractor discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Contractor shall immediately inform the City of such fact and shall not proceed except at City's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Contractor shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.
1.7 **Warranty.**

Contractor warrants all Work under the Agreement (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Agreement or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the City of any defect in the Work or non-conformance of the Work to the Agreement, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at his sole cost and expense. Contractor shall act sooner as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor's obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as the City may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Agreement. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstallation of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Agreement, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand. This provision may be waived in Exhibit “B” if the services hereunder do not include construction of any improvements or the supplying of equipment or materials.

1.8 **Prevailing Wages.**

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., (“Prevailing Wage Laws”), which require the payment of prevailing wage rates and the performance of other requirements on “Public Works” and “Maintenance” projects. If the Services are being performed as part of an applicable “Public Works” or “Maintenance” project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. City shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for
each craft, classification or type of worker needed to execute the Services available to interested
parties upon request, and shall post copies at the Contractor’s principal place of business and at
the project site. Contractor shall defend, indemnify and hold the City, its elected officials,
officers, employees and agents free and harmless from any claim or liability arising out of any
failure or alleged failure to comply with the Prevailing Wage Laws.

1.9 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective
obligations under this Agreement. Both parties agree to act in good faith to execute all
instruments, prepare all documents and take all actions as may be reasonably necessary to carry
out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible
for the service of the other.

1.10 Additional Services.

City shall have the right at any time during the performance of the services, without
invalidating this Agreement, to order extra work beyond that specified in the Scope of Services
or make changes by altering, adding to or deducting from said work. No such extra work may be
undertaken unless a written order is first given by the Contract Officer to the Contractor,
incorporating therein any adjustment in (i) the Agreement Sum, and/or (ii) the time to perform
this Agreement, which said adjustments are subject to the written approval of the Contractor.
Any increase in compensation of up to five percent (5%) of the Agreement Sum or $25,000,
whichever is less; or in the time to perform of up to one hundred eighty (180) days may be
approved by the Contract Officer. Any greater increases, taken either separately or cumulatively
must be approved by the City. It is expressly understood by Contractor that the provisions of this
Section shall not apply to services specifically set forth in the Scope of Services or reasonably
contemplated therein. Contractor hereby acknowledges that it accepts the risk that the services to
be provided pursuant to the Scope of Services may be more costly or time consuming than
Contractor anticipates and that Contractor shall not be entitled to additional compensation
therefore.

1.11 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof
are set forth in the “Special Requirements” attached hereto as Exhibit “B” and incorporated
herein by this reference. In the event of a conflict between the provisions of Exhibit “B” and any
other provisions of this Agreement, the provisions of Exhibit “B” shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the
amounts specified in the “Schedule of Compensation” attached hereto as Exhibit “C” and
incorporated herein by this reference. The total compensation, including reimbursement for
actual expenses, shall not exceed $90,000.00 (the “Contract”), unless additional compensation is approved pursuant to Section 1.10.

2.2 **Method of Compensation.**

The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with specified tasks or the percentage of completion of the services, (iii) payment for time and materials based upon the Contractor’s rates as specified in the Schedule of Compensation, provided that time estimates are provided for the performance of sub tasks, but not exceeding the Contract Sum or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 **Reimbursable Expenses.**

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses if an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Contractor is required to attend additional meetings to facilitate such coordination, Contractor shall not be entitled to any additional compensation for attending said meetings.

2.4 **Invoices.**

Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City’s Director of Finance. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories.

City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, or as provided in Section 7.3. City will use its best efforts to cause Contractor to be paid within forty-five (45) days of receipt of Contractor’s correct and undisputed invoice. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

2.5 **Waiver.**

Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.
ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Contractor, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Inspection and Final Acceptance.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within forth five (45) days after submitted to City. City shall accept work by a timely written acceptance, otherwise work shall be deemed to have been rejected. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Article 5, pertaining to indemnification and insurance, respectively.

3.5 Term.

Unless earlier terminated in accordance with Article 8 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1)
years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit “D”).

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Contractor.

The following principals of Contractor (Principals) are hereby designated as being the principals and representatives of Contractor authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Randy Hornsby  IT Manager
(Name)  (Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. All personnel of Contractor, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Contractor without the express written approval of City. Additionally, Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor’s staff and subcontractors, if any, assigned to perform the services required under this Agreement. Contractor shall notify City of any changes in Contractor’s staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Contractor.

Contractor shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor’s officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Contractor, nor any of Contractor’s officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City’s employees. Contractor expressly waives any claim Contractor may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be such person as may be designated by the City Manager of City. It shall be the Contractor’s responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer.
The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Contractor.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Contractor’s employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Contractor shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Contractor shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

The Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) Comprehensive General Liability Insurance (Occurrence Form CG0001 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, either the general aggregate limit shall apply separately to this contract/location, or the general aggregate limit shall be twice the occurrence limit.
(b) Worker’s Compensation Insurance. A policy of worker’s compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for both the Contractor and the City against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Contractor in the course of carrying out the work or services contemplated in this Agreement.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including “any auto” and endorsement CA 0025 or equivalent). Said policy shall include coverage for owned, non-owned, leased and hired cars.

This coverage may be written on a “claims made” basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Contractor’s services or the termination of this Agreement. During this additional 5-year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents shall apply in excess of, and not contribute with Contractor’s insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Contractor shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until the Contractor has provided the City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following “cancellation” notice:

CANCELLATION:

and volunteers are to be covered as additional insureds as respects: liability arising out of
activities Contractor performs; products and completed operations of Contractor; premises
owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by
Contractor. The coverage shall contain no special limitations on the scope of protection afforded
to City, and their respective elected and appointed officers, officials, employees or volunteers.
Contractor’s insurance shall apply separately to each insured against whom claim is made or suit
is brought, except with respect to the limits of the insurer’s liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At
the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured
retentions as respects City or its respective elected or appointed officers, officials, employees and
volunteers or the Contractor shall procure a bond guaranteeing payment of losses and related
investigations, claim administration, defense expenses and claims. The Contractor agrees that
the requirement to provide insurance shall not be construed as limiting in any way the extent to
which the Contractor may be held responsible for the payment of damages to any persons or
property resulting from the Contractor’s activities or the activities of any person or persons for
which the Contractor is otherwise responsible nor shall it limit the Contractor’s indemnification
liabilities as provided in Section 5.3.

In the event the Contractor subcontracts any portion of the work in compliance with
Section 4.5 of this Agreement, the contract between the Contractor and such subcontractor shall
require the subcontractor to maintain the same policies of insurance that the Contractor is
required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be
provided to City.

5.3 Indemnification.

To the full extent permitted by law, Contractor agrees to indemnify, defend and hold
harmless the City, its officers, employees and agents (“Indemnified Parties”) against, and will
hold and save them and each of them harmless from, any and all actions, either judicial,
administrative, arbitration or regulatory claims, damages to persons or property, losses, costs,
penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein “claims
or liabilities”) that may be asserted or claimed by any person, firm or entity arising out of or in
connection with the negligent performance of the work, operations or activities provided herein
of Contractor, its officers, employees, agents, subcontractors, or invitees, or any individual or
entity for which Contractor is legally liable (“indemnors”), or arising from Contractor’s reckless
or willful misconduct, or arising from Contractor’s indemnors’ negligent performance of or
failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Contractor will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Contractor will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Contractor hereunder; and Contractor agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Contractor for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Contractor hereunder, Contractor agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Contractor shall incorporate similar, indemnity agreements with its subcontractors and if it fails to do so Contractor shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Contractor in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's negligence or willful acts or omissions. The indemnity obligation shall be binding on successors and assigns of Contractor and shall survive termination of this Agreement.

5.4 **Performance Bond.**

Concurrently with execution of this Agreement, and if required in Exhibit “B”, Contractor shall deliver to City performance bond in the sum of the amount of this Agreement, in the form provided by the City Clerk, which secures the faithful performance of this Agreement. The bond shall contain the original notarized signature of an authorized officer of the surety and affixed thereto shall be a certified and current copy of his power of attorney. The bond shall be unconditional and remain in force during the entire term of the Agreement and shall be null and void only if the Contractor promptly and faithfully performs all terms and conditions of this Agreement.

5.5 **Sufficiency of Insurer or Surety.**

Insurance or bonds required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated “A” or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager.
of the City due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager of City ("Risk Manager") determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Contractor agrees that the minimum limits of the insurance policies and the performance bond required by Section 5.4 may be changed accordingly upon receipt of written notice from the Risk Manager; provided that the Contractor shall have the right to appeal a determination of increased coverage by the Risk Manager to the City Council of City within 10 days of receipt of notice from the Risk Manager.

Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Contractor's business, custody of the books and records may be given to City, and access shall be provided by Contractor's successor in interest.

6.2 Reports.

Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Contractor hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the City's sole risk and without liability to Contractor, and Contractor's guarantee and warranties shall not extend to such use, revise or assignment. Contractor may retain copies of such documents for its own use. Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom.

Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

Court, venue shall lie exclusively in the Central District of California, in Los Angeles.

7.2 Disputes: Default.

In the event that Contractor is in default under the terms of this Agreement, the City shall
not have any obligation or duty to continue compensating Contractor for any work performed
after the date of default. Instead, the City may give notice to Contractor of the default and the
reasons for the default. The notice shall include the timeframe in which Contractor may cure the
default. This timeframe is presumptively thirty (30) days, but may be extended, though not
reduced, if circumstances warrant. During the period of time that Contractor is in default, the
City shall hold all invoices and shall, when the default is cured, proceed with payment on the
invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the
outstanding invoices during the period of default. If Contractor does not cure the default, the
City may take necessary steps to terminate this Agreement under this Article. Any failure on the
part of the City to give notice of the Contractor’s default shall not be deemed to result in a waiver
of the City’s legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Contractor hereby authorizes City to deduct from any amount payable to Contractor
(whether or not arising out of this Agreement) (i) any amounts the payment of which may be in
dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or
damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by
reason of Contractor’s acts or omissions in performing or failing to perform Contractor’s
obligation under this Agreement. In the event that any claim is made by a third party, the amount
or validity of which is disputed by Contractor, or any indebtedness shall exist which shall appear
to be the basis for a claim of lien, City may withhold from any payment due, without liability for
interest because of such withholding, an amount sufficient to cover such claim. The failure of
City to exercise such right to deduct or to withhold shall not, however, affect the obligations of
the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this
Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by
any party of any breach of the provisions of this Agreement shall not constitute a waiver of any
other provision or a waiver of any subsequent breach or violation of any provision of this
Agreement. Acceptance by City of any work or services by Contractor shall not constitute a
waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any
right or remedy by a non-defaulting party on any default shall impair such right or remedy or be
construed as a waiver. Any waiver by either party of any default must be in writing and shall not
be a waiver of any other default concerning the same or any other provision of this Agreement.
7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement.

7.7 Liquidated Damages.

Since the determination of actual damages for any delay in performance of this Agreement would be extremely difficult or impractical to determine in the event of a breach of this Agreement, the Contractor and its sureties shall be liable for and shall pay to the City the sum of ____________________________ ($__________) as liquidated damages for each working day of delay in the performance of any service required hereunder, as specified in the Schedule of Performance (Exhibit “D”). The City may withhold from any monies payable on account of services performed by the Contractor any accrued liquidated damages.

7.8 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days’ written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days’ written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.
7.9 **Termination for Default of Contractor.**

If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.10 **Attorneys’ Fees.**

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney’s fees. Attorney’s fees shall include attorney’s fees on any appeal, and in addition a party entitled to attorney’s fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

**ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION**

8.1 **Non-liability of City Officers and Employees.**

No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 **Conflict of Interest.**

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor’s performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any
State statute or regulation. The Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 **Covenant Against Discrimination.**

Contractor covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to assure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, or ancestry.

8.4 **Unauthorized Aliens.**

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

**ARTICLE 9. MISCELLANEOUS PROVISIONS**

9.1 **Notices.**

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, CITY OF BELL, 6330 Pine Avenue, Bell, CA 90201 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 **Interpretation.**

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 **Counterparts.**

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.
9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

A.1 Contractor shall provide information technology support and assistance to City departments and off-site locations, including supporting the City’s current system of PCs and servers, as well as working with end users on applications. City shall provide a networked PC on site on which Contractor’s staff can maintain utilities and gain access via mode to necessary support forums.

A.2 Contractor shall inventory all existing hardware and software, including any hardware and software purchased for use within the City, to facilitate tracking the assets for maintenance and replacement. The inventory list shall include all components attached to the networks within the City, including servers, workstations, switches, hubs, routers, and cable modems.

A.3 Contractor shall provide comprehensive operational functions including backups, report distribution, database management and general performance monitoring.

A.4 Contractor shall provide input and feedback on the various information technology security, backup and other related systems to improve the security of the City’s entire information technology system, and assist in formulating related procedures and policies.

A.5 Contractor shall assist the City in implementing the hardware and software systems (as set forth below in Sections II(A)–(E)). Contractor shall work with the City on an implementation plan establishing project priorities, hardware and software procurement and set completion timelines.

A.6 Contractor shall work closely with the Contractor Officer or other City staff as designated by the City Manager to help ensure that the City utilizes technology to the best advantage of the City, and that all additional acquisitions fit the City’s strategic plan. Such assistance shall include feedback on various software systems that the City acquires during the term of this Agreement, including a finance software system and telephone system.

A.7 Contractor shall assist the City in implementing long-term upgrades, including the following:

Exhibit “A” – Page 1
• Contractor shall assist and provide guidance to the City on developing a long term technology strategic plan. The City shall provide the direction for when such future technology strategic planning shall take place.

• Contractor shall provide guidance for future technology strategic planning by assisting the City in developing a plan that projects the technology needs of the City in three (3) to five (5) through the following: develop a replacement schedule for all equipment, including workstations, servers, printers, network switches, and any other equipment; and develop a schedule that includes application and system upgrades, including any applications or systems (e.g. the finance system replacement schedule).

B. Contractor shall ensure that all manufacturers’ warranties are properly in place, and to properly administer all technology-based maintenance agreements. City shall maintain not less than one set of original media and manuals on site for all software supported by Contractor.

C. Contractor shall assign an experienced IT Account Manager (“Account Manager”) to the City. The Account Manager, working primarily off-site, shall be responsible for coordinating all IT operations with the City’s designated contact. The Account Manager shall provide his direct contact information (both office and mobile phone numbers) to the designated City representative. The Account Manager shall be available 24/7 if needed, and shall provide a backup contact when not available due to vacations or other leave.

C.1 The Account Manager shall direct the operations of the transition to Contractor. The transition shall include system analysis, network structure documentation, PC inventory, and documenting current IT records and helpdesk logs.

C.2 The Account Manager shall act as liaison between the City and outside vendors to procure pricing; ensure material and equipment purchases are suitable to the needs of system users; and shall successfully advance the long-range technology goals of the City. The Account Manager shall oversee all maintenance contracts, and work directly with vendors to ensure the smooth operation of the City’s technology infrastructure.

C.3 The Account Manager shall attend regular meetings scheduled between the Account Manager and City management to review the IT operations and discuss future plans. The Account Manager shall provide documentation of past weeks’ performance for review at said meetings.

D.1 The Specialist shall be on-site at the City two days per week from the hours of 8:00 a.m. to 4:00 p.m. Contractor shall, in its sole reasonable discretion, determine which personnel shall be assigned to the tasks and service requests. E.2 In the event messages are left with the Help Desk during standard hours of operation, Help Desk professionals shall return said messages within two (2) hours after received.

II. As part of a network analysis, Contractor provided recommendations to increase network performance and install necessary network upgrades to the City’s current
information technology system. The recommendations were categorized by networks and buildings, severity or order of attention, and include approximate budgetary figures for suggested hardware purchases.

Should the City decide to pursue any of the services and equipment purchases suggested by Contractor per the network analysis and as set forth in part below, Contractor shall obtain written approval per Section 1.10 of this Agreement or the parties shall execute a separate agreement outlining said services and equipment purchases.

The results of the network analysis conducted by Contractor are as follows:

A. City/Police Network:

A.1 High Priority

- Replace switching equipment that is old and outdated throughout the network. Replace switches that are currently in use with new 48 port switches, and have one (1) additional switch on hand as a backup switch if one should fail. In addition, all ports that are not currently being used will be disabled to prevent anyone from plugging in a device without first obtaining permission.

- Replace routers that are old and outdated. The routers in question are the three (3) Kentrox routers that connect both Little Bear and Veterans Parks to the network. In addition, if the City owns the router used for the Inglewood Police Parking Ticketing System, Contractor recommends replacing that as well.

- Upgrade the firewall that is currently in use. With the replacement of the firewall, comes segmenting the network into six (6) separate networks. In addition to upgrading the firewall, Contractor will install managed access points and a content filter application. Contractor will consult with the City to decide on the use of either Fortinet or Sonicwall for a firewall.

- Implement a spam filter system.

- Implement a managed antivirus solution.

- Implement a NetMotion Server for communications to the patrol cars across AT&T’s Network.

- Implement a backup solution to backup all server servers. Contractor will consult with the City to decide on the use of a device like Barracuda Networks Barracuda Backup Server Model 490 with offsite storage.

Exhibit “A” – Page 4
A.2 Medium Priority

- Configure Microsoft’s Active Directories on the domain controller of the City Network so that Police can be administrator their own users. This will help eliminate support calls and issues to the Network Administrator.

- Recommendation on printers. Contractor recommends that the City standardize on HP Printers.

- Standardize one manufacturer for servers and workstations. This alleviates extensive support issues with multiple manufacturers, thus creating a more manageable system. Contractor recommends the use of Dell or HP Computers for all servers and workstations. These costs include the operating system for both the workstations and the servers with Microsoft Office on the workstations.

- Replace finance system. The server that the system is running on has been deemed end-of-life from HP. It is recommended that the City look into other finance systems to replace the current system. The new systems on the market are capable of doing much more than the current system.

- Implement virtualization. The implementation of virtualization has several key benefits. These benefits are improved: server utilization, server reduction, security, server uptime, server and application management, and data backup and protection including business continuity preparedness.

- Replace the phone system. The current phone system is outdated and parts are no longer available for the system. It is recommended to replace the phone system with something new. If a VOIP system is chosen, it is recommended to implement a separate network infrastructure for just the phones. This is due to if something should happen to the current data network, the phones will still be operational.

B. Debs Park:

B.1 Medium Priority

- The recommendation for this park is to relocate the DSL line from running along the fence to a more secure location. One way to correct this issue is to implement a wireless solution that is fed from either City Hall or Little Bear Park.
C. Little Bear Park:

C.1 High Priority

- Contractor will install a managed access point with two (2) different networks (one for City use, and one for public use). Both networks will have content filtering.

- Contractor will install some form of lock on the cage where the network equipment is located.

C.2 Medium Priority

- The recommendation of the removal of the server from the park, and have the users authenticate and use the servers in City Hall.

D. Veterans Park:

D.1 High Priority

- Contractor will install a managed access point with two (2) different networks (one for City use, and one for public use). Both networks will have content filtering.

- Contractor will install some form of lock on the cage where the network equipment is located.

D.2 Medium Priority

- The recommendation of the removal of the server from the park, and have the users authenticate and use the servers in City Hall.

E. Computer Room:

E.1 High Priority

- Replace all servers with new rack-optimized servers in an enclosed rack. Contractor will consult with the City to decide on the use of HP or Dell Servers. This new server rack will also include a keyboard, mouse, and monitor drawer along with a new keyboard, video, and mouse switch.
• Relocate the computer room to a new location in City Hall. The network switches will stay in their current location, and Contractor will install a top of rack switch to feed into the network.

III. As part of the Services, Contractor will prepare and deliver the following tangible reports or other services products to the City:

A. Inventory of all existing hardware and software, including any hardware and software purchase for use within the City, to facilitate tracking the assets for maintenance and replacement. The inventory list shall include all components attached to the networks within the City, including servers, workstations, switches, hubs, routers, and cable modems.

B. Input and feedback on the various information technology security, backup and other related systems to improve the security of the City’s entire information technology system, and reflecting related procedures and policies.

C. Input and feedback on various software systems that the City acquires during the term of this Agreement, including a finance software system and telephone system.

D. Support plan guiding the City on providing day-to-day network and user support to the end user.

E. Plan projecting the technology needs of the City in three (3) to five (5) years, including a replacement schedule for all equipment (e.g., workstations, servers, printers, network switches, and any other equipment) and an upgrade schedule that includes any application and systems (e.g., finance system replacement schedule).

IV. In addition to the requirements of Section 6.2, during performance of the Services, Contractor will keep the City apprised of the status of performance by delivering the following status reports:

A. Help desk reports reflecting support for all City of Bell staff.

B. Help desk logs reflecting hours used, Specialist assigned, solutions and completion dates.

C. Written report reflecting the past weeks’ performance for review at the meetings with Bell staff pursuant to Part I, Section C.3 of this Exhibit.

V. All services product is subject to review and acceptance by the City, and must be revised by the Contractor without additional charge to the City until found satisfactory and accepted by City.

1.7 Warranty.

Contractor warrants to City that the services will be performed in a competent manner in compliance with all applicable laws and regulations. In performing the services, Contractor shall use his best efforts in a diligent manner and shall dedicate such time as necessary to perform them on a timely basis. For any Work so corrected, Contractor’s obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Work. Contractor shall perform such tests as the City may require verifying that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Agreement. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the
City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Agreement, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

Section 2.4 revised in its entirety as follows:

2.4 Invoices

Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City’s Director of Finance. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories.

City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, or as provided in Section 7.3. City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor’s correct and undisputed invoice provided, however, that invoices that remain unpaid after thirty (30) days shall accrue interest at the rate of 11/2% per month, or the maximum legal rate, whichever is less. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

Section 3.4 revised in its entirety as follows:

3.4 Inspection and Final Acceptance.

City may inspect and accept or reject any of Contractor’s work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor’s work within thirty (30) days after submitted to City. City shall accept work by a timely written acceptance, otherwise work shall be deemed to have been accepted. City’s acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Article 5, pertaining to indemnification and insurance, respectively.

Section 5.3 revised in its entirety as follows:

5.3 Indemnification

To the full extent permitted by law, Contractor agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity to the extent arising out of or in connection with the negligent performance of the work, operations or activities required herein of Contractor, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Contractor is legally liable, or arising from Contractor's reckless or willful misconduct, or failure to perform any term, provision, covenant or condition of this Agreement, as the same may be determined by final court decision or agreement of the parties. In connection therewith, and subject to the foregoing:

(a) Contractor will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Contractor will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of
Contractor hereunder; and Contractor agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Contractor for such damages or other claims arising out of or in connection with the proven or agreed upon negligent performance of or failure to perform the work, operation or activities of Contractor hereunder, Contractor agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys’ fees.

Contractor shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Contractor shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Contractor in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities to the extent occurring as a result of City’s negligence or willful acts or omissions, and nothing in this Section 5.3 shall relieve City of any liability arising out of the negligent acts or omissions, or willful misconduct of City or City’s officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Contractor is legally liable, as the same may be determined by final court decision or agreement of the parties, but to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City’s negligence. The provisions of this Section 5.3 shall be binding on successors and assigns of Contractor and City and shall survive termination of this Agreement.

Section 6.3.1 added to read as follows:

6.3.1 Ownership of Software and Hardware.

For software developed by City staff or by a third-party vendor prior to this Agreement, Contractor shall have no ownership rights to the software, even with minor software modifications made by Contractor during the term of services.

For hardware and software purchased by the City or Contractor pursuant to this Agreement and for use within the City, Contractor shall not retain ownership of said hardware or
software.

For software developed for the City by Contractor, the City shall retain ownership of and rights to software where the costs of development are paid in full by the City. Otherwise, software developed by Contractor during the course of this Agreement and for use by multiple agencies, Contractor shall retain ownership.

Section 6.4 (e) added to read as follows:

Notwithstanding any provision of this Section 6.4, nothing herein shall apply to disclosure by Contractor of information required pursuant to the California Public Records Act.

Section 7.2 revised in its entirety as follows:

7.2 Disputes; Default.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Contractor’s default shall not be deemed to result in a waiver of the City’s legal rights or any rights arising out of any provision of this Agreement. In the event of any failure by City to pay Contractor all undisputed amounts owed within sixty (60) days of receipt of Contractor’s invoice, Contractor shall be authorized to suspend performance pending full payment and/or to terminate for default as provided herein.

Section 7.3 revised in its entirety as follows:

7.3 Retention of Funds.

Contractor hereby authorizes City to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, to the extent required by Section 5.3 of this Agreement, and (ii) all amounts for which City may be liable to third parties, by reason of Contractor’s acts or omissions in performing or failing to perform Contractor’s obligations under this Agreement, to the extent required by Section 5.3 of this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without
liability for interest because of such withholding, an amount sufficient to cover such claim to the extent required by Section 5.3 of this Agreement. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

Section 7.8 revised in its entirety as follows:

7.8 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days’ written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days’ written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.
