RESOLUTION NO. 2019-24

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELL, APPROVING GUIDELINES FOR ESTABLISHING SMALL WIRELESS TELECOMMUNICATION FACILITIES (SWF'S) IN THE PUBLIC RIGHT-OF-WAY

THE CITY COUNCIL OF THE CITY OF BELL DOES RESOLVE AS FOLLOWS:

SECTION 1. Findings. The City Council hereby makes the following findings:

1. Significant changes in federal law by the Federal Communications Commission ("FCC") have recently been enacted, which affect local authority over small wireless facilities ("SWFs"), as defined in 47 CFR 1.6002(1) (FCC Order adopted September 27, 2018). In addition to other changes it required approval of SWFs in an administrative process with strict terms and guidelines. Additionally, standards must be clear and not subject to arbitrary discretion.

2. In response to these legislative changes, the City proposes adoption of guidelines which would establish requirements for the permitting, operation, and maintenance of small wireless facilities within the City of Bell.

3. City Council Policy would provide the maximum amount of local control for small wireless facilities considering the revisions to federal law.

4. As the rules are subject to changes in the regulatory environment the FCC Order requires that the City be able to adopt these changes so the Approving Authority shall be the Public Works Directors who can also modify the policy.

SECTION 2. Action.

1. The above recitations are true and correct.

2. The installation guidelines and all associated exhibits are hereby approved, attached hereto as Exhibit A.

PASSED, APPROVED AND ADOPTED at the April 10, 2019 Council Meeting.
